THE INVINCIBLE DRAGON, RYO SAKAZAKI. Trained from his infancy in the teachings of the mystical form of karate known as KYOKUGENRYU by his father. Ryo now lives with his beloved sister, Yuri.

THE RAGING TIGER, ROBERT GARCIA. At a young age, Robert was sent to learn the mysterious teachings of Takuma Sakazaki, master of the KYOKUGENRYU teachings and father to Ryo.

Takuma Sakazaki  
(present whereabouts, unknown)  
He was a Kyokugenryu karate teacher and the strongest fighter of his time. The death of his wife, however, caused him to change dramatically. He disappeared, leaving behind two children, and now no one knows where he is or what he is doing...

After the mysterious disappearance of Takuma and the death of Ryo's mother in a tragic accident, Robert looked after the young Ryo while remaining the boy's toughest rival.

After a period of separation, these two meet once more to save the kidnapped Yuri, who is held in the urban jungle of SOUTHTOWN.

Will these two save Yuri? Will they reveal the identity of the kidnappers? Hey, it's up to you!!!

Albert Garcia  
An Italian businessman and a close friend of Takuma's.

Father and son

Close friends and rivals

Robert Garcia  
He is just as concerned about Yuri's safety as Ryo is. He prides himself on being Ryo's equal in combat.

Mr. BIG  
The organizer of the South Town Street Fight, and a man who uses his money for evil purposes. Ryo is a constant irritation to him, as he hasn't been able to get rid of him no matter how much money he spends.

John Cawley  
He was famous for being a top-class fighter pilot when he was a captain in the navy. One day, however, he was shot in an unguarded moment down by the enemy, and Mr. BIG saved his life. The day will no doubt come when he will repay the favour...

Close friends (Mr. BIG saved Cawley's life)

Employer and employees

Jack Tanner  
Makes money by participating in Mr. BIG's evil doings, and by hustling behind the scenes. However, he aims to eventually overthrow Mr. BIG and take control himself.

Micky Rogers  
Smuggles military weapons that he receives from John; together they run a very profitable business. Could it be that his love of money was caused by something that happened to him in the past?

Partners in a smuggling operation

Partners in crime

King  
The bouncer at a restaurant run by Mr. BIG. He once had the bitter experience of being beaten in a fight by the gang led by Jack.

### • VS MODE

In VS MODE you can choose from 10 characters. It is also possible to choose the same character, too (i.e., Robert vs. Robert).

## BONUS STAGE

The Bonus Stage appears at various points in STORY MODE. In completing the Bonus Stage successfully, your power will increase and you will be taught a new Super Attack.

After completing the Ultra-Super Attack screen, you should be able to master a new Super Attack.

### BOTTLE CUT

Chop the necks off all of the soda bottles. If successful, your "SPIRIT" gauge will increase.

### ICE PILLAR SMASH

Break all of the ice blocks in one blow. Do so, and your Power gauge will increase.

### INITIATE SUPER FIRE BLOW

In a specified time, you must use a given Super Attack a given number of times. If you can do so, your Super Attacks will consequently become more powerful.

## CONTINUE

When the Game Over indication appears on the screen, a number will appear on the screen. This is the number of times you can continue the game. When the counter reaches 0, the game is really OVER. CONTINUE is not applicable in 2-Player Mode (VS MODE).

## "SPIRIT" GAUGE AND RAZ BUTTONS

After using your SUPER ATTACKS, your "SPIRIT" level will decrease. To restore your "SPIRIT", press down either the X or Y BUTTONS. BUT BE CAREFUL! While restoring your "SPIRIT" power, you are vulnerable to attack. Use this function wisely.

To reduce the "SPIRIT" of your opponent, push the "RAZ" A BUTTON. Pushing this button allows your character to tease the opponent and reduce his energy.

- Successfully completing the BONUS STAGE will increase your SPIRIT and POWER gauges.

## DESCRIPTION

## OF THE SCREEN

- ① Player's face.
- ② SPIRIT gauge. CAUTION: Your SPIRIT will decrease based on the SUPER ATTACK you use. Based on your remaining SPIRIT level, the power of your SUPER ATTACK will be affected.
- ③ STRENGTH gauge. Based on the damage your player takes, the level will decrease. If your STRENGTH level is exhausted, YOU LOSE!!!

- ④ CURRENT SCORE. Displays your current score. In VS MODE, no score will appear.
- ⑤ MATCH TIMER. Displays time remaining in the current round. When the timer reaches 0, the round is over.
- ⑥ VICTORY MARK. Displays the number of rounds you have won or lost.

## RULES OF

- Each match consists of 3 rounds. When a player wins 2 rounds, he wins the match.
- When the power level of either character is used up, that character loses. The winner is the player who is still standing.
- One round is made up of 60 counts. When the time limit is reached, the character with the highest STRENGTH level wins.

## THE GAME

- In the event of a DOUBLE KNOCKOUT, the round will end in a draw. Neither character wins.
- In the event of a DOUBLE KNOCKOUT, there will be a maximum of 4 rounds until a winner is decided.
- At the end of a round, all STRENGTH and SPIRIT levels will be restored. Use all of your power and SPIRIT in the round, YOU'LL NEED IT!

## BASIC PLAYER MOVES

The first step towards becoming the victor is to master the basic moves. Dash to move quickly. Guard to block your opponent's attacks. Co-ordinate button timing to make attacks stronger. Each character also has his own special attacks. It's up to you to perfect your skills in battle!

[Mr. Big cannot jump]

### PUNCHES / BODY BLOWS / POWER PUNCHES

Press the X BUTTON to punch. Hold the R BUTTON down and press the X BUTTON to do a body blow attack. If you hit the R BUTTON straight after pressing the X BUTTON, you can do a power punch which will cause your opponent a lot of damage. However, when doing a power punch you cannot defend yourself as effectively, so you will be more vulnerable to an enemy counter-attack.

### RAZZING YOUR OPPONENT

Press the A BUTTON and your character will go into the "RAZZ" pose, which will reduce your opponent's SPIRIT level by a set amount. However, you are vulnerable to attack when in this pose, so only use it when there is a sufficient distance between you and your opponent. Use it in VS MODE to tease and razz your friend.

### KICKS / LOW KICKS / POWER KICKS

Press the Y BUTTON to kick. Hold the R BUTTON down and press the Y BUTTON to do a low kick. If you hit the R BUTTON straight after pressing the Y BUTTON, you can do a power kick which will cause your opponent a lot of damage. However, when doing a power kick you cannot defend yourself as effectively, so you will be more vulnerable to an enemy counter-attack.

### SPIRIT RESTORATION

If you hold either the X or Y BUTTONS down for a set period of time, you can restore your SPIRIT level. Once your SPIRIT level gauge has started increasing, you can release the button and the level will continue to increase. Restore your SPIRIT level when you have a breathing space and then attack with a special attack!

### SPECIAL ATTACKS

Using different  $\blacklozenge$  CONTROL PAD and button operations you can use each character's special attacks, which are very powerful. However, each time you use a special attack your character's SPIRIT level will go down by a set amount. Be careful - if you use a special attack when your SPIRIT level is too low, the attack will have a reduced range and power.

### DASHING

If you press the  $\blacklozenge$  CONTROL PAD rapidly twice in the direction of your opponent, your character will dash towards him. If you press the  $\blacklozenge$  CONTROL PAD rapidly twice in the opposite direction, your character will dash away from your opponent.
